

Fred Morgan, good choice State Chamber's new boss.

THE STATE CHAMBER'S Board of Directors made a good move when they were lucky enough to get Fred Morgan to be their new President, succeeding retiring Richard Rush.

Fred will do a great job in that role of leading economic development for the state, from the private sector.

He has a distinguished career in his legal profession, in legislative experience as a member and as a key administrator, and in civic and volunteer community work.

He served as President of the Oklahoma City Rotary Club (3rd largest in the world). He was a vigilant, competent State Representative for Fridayland several terms, in a leadership role.
